

# PENMUL™ HD ACC

## Biodegradable Thixotropic Asphalt Cleaner

U. S. Patent 5,877,133

### FEATURES/BENEFITS

- No chlorinated solvents
- Slow evaporation
- Very high flash point
- Non hazardous
- Low odor
- Adjustable product viscosity
- Safer for user
- User friendly
- One product for two applications

*Penmul HD ACC* is available in 5 gallon pails and 55 gallon drums. Inquire about availability in other packages.  
3500A.bul.wpd (1000)

### Description

*Penmul HD ACC* is a new asphalt cleaner containing naturally derived ingredients that gives performance equivalent to or better than diesel fuel. *Penmul HD ACC* is non sheening, non hazardous, and has a pleasant odor. The flash point (closed cup) is above 200°F.

*Penmul HD ACC* has been tested and approved by the North Carolina DOT.

*Penmul HD ACC* is a slightly viscous product as received. It can be made into a thick paste (gel) by mixing or shearing. This increased viscosity allows long contact time, little run off, and less usage.

### Directions for Use

Precoat shovels, rakes, and tools with *Penmul HD ACC* to prevent buildup of asphalt. Soak tools in a bucket to dissolve buildup. Overnight soaking may be needed for heavy buildup.

### Physical Properties

Physical form.....	Translucent amber viscous liquid
Odor.....	mild
pH (10% dilution).....	10.6
Specific gravity @ 60°F.....	0.870
Weight per gallon (liter).....	7.26 lbs (0.87 kg)
Flash point (COC, °F).....	above 200
Rinsability with water.....	excellent

**IMPORTANT:** Before using *Penmul HD ACC*, always be sure to read and follow warnings and directions for use appearing on the product container label and MSDS.
