

## GENERAL PRODUCT

# PENSOLV™ L1099

## Highly Refined Solvent Degreaser

### FEATURES/BENEFITS

High 220°F flash point

Very low odor

Free of chlorinated solvents

Dries to negligible residue

High dielectric breakdown voltage

Improved safety

Economical

More worker comfort

Excellent for electrical use

*Pensolv L1099* is available in 55 gallon drums and 6 gallon pails. Inquire about availability in other packages.

### Description

*Pensolv L1099* is a highly refined petroleum solvent degreaser designed for cold cleaning where water solutions cannot be used and where more volatile solvents are not desired or allowed. *Pensolv L1099* cleans electrical components including motors, switches, panels, wiring and equipment. It also finds use in heavy industry in any area where parts and equipment are subject to accumulations of oil or grease. *Pensolv L1099* is also excellent for use in textile mills, railroads and general metalworking.

### Typical Use Directions (also see product label)

*Pensolv L1099* should be used full strength. It is recommended for application by non-atomizing coarse spray, brushing on, or dipping parts into the solvent. After application and a brief soaking period, blow surfaces dry with compressed air. No water rinse is needed.

*NOTE: Electricity should be disconnected during Pensolv L1099 applications to minimize sparking.*

**IMPORTANT:** Before using *Pensolv L1099*, always be sure to read and follow warnings and directions for use appearing on the product container label and MSDS.
